The RAILROAD MUSEUM OF LONG ISLAND'S Lionel SKU 6- 84958 "North Fork Potato Chips" boxcar

Lionel - Made in America!

The Railroad Museum of Long Island is pleased to announce the twentieth in our series of **Lionel traditional O gauge** commemorative cars. Production of this car will be limited to only those who purchase this car in advance. Funds raised from the sale of this car will go toward the operation of the Museum, including education/restoration programs, exhibits, collections and the Historic Lionel Layout.

Long Island has been a source of potatoes since the mid 1800's. In Spring the Long Island Rail Road delivered long unit trains of seed potatoes to farmers on the East End. In Fall 110 car trains full of harvested potatoes headed west to market.

1853 saw the potato chip become an All-American snack and in 1952 the potato chip became a Long Island commodity. Since 2004, the tradition continues with Sidor Farm's **North Fork Potato Chips**.

Have *your* chips delivered to your nearest Team Track in our unique, "Made in America," Lionel 9700 series boxcar.
